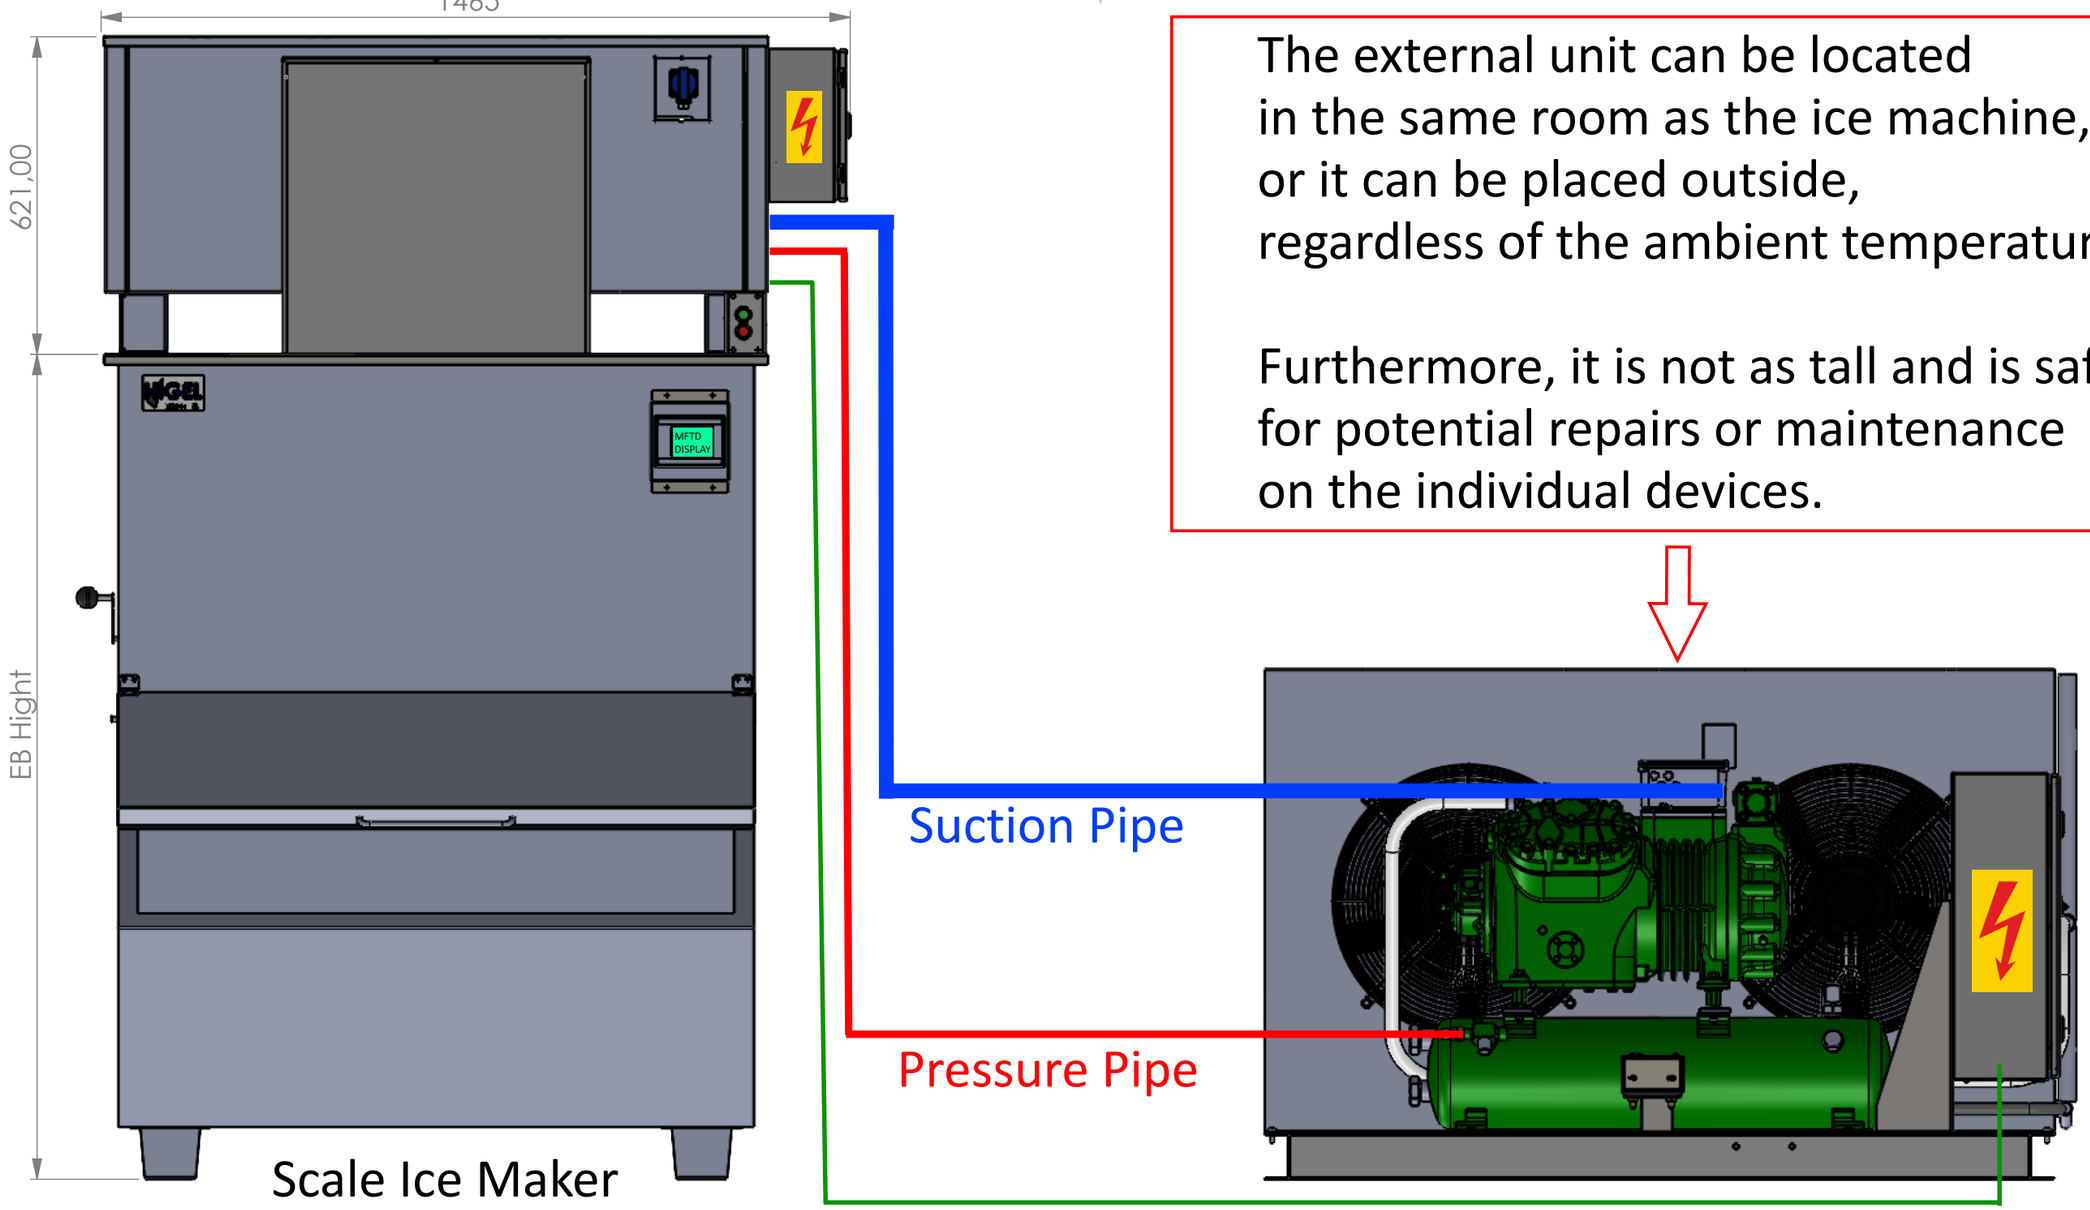
The external unit can be located
in the same room as the ice machine,
or it can be placed outside,
regardless of the ambient temperature.

Furthermore, it is not as tall and is safer
for potential repairs or maintenance
on the individual devices.



Scale Ice Maker
Inside
With EB 5 / EB 6

Compressor
Inside / Outside

EB Hight
EB 5 = 1608mm
EB 6 = 2100mm
